### **DRAFT EMAIL FOR ALLIES:**

Hello Councillor [name],

I'm emailing you today to ask that you support the Motion MN22-4 being debated on June 15th 2022. As you might know already, June is Pride month in the City of Regina, and this motion is an important step towards building a more inclusive city for 2SLGBTQIAP+ people.

I believe that 2SLGBTQIAP+ people in our city deserve to feel safe and included, but unfortunately that is not the reality for all. Asking our City Administration to prepare a report that explores possibilities for better supporting 2SLGBTQIAP+ people is a great start to address this reality.

I am particularly interested in the sections of the motion that make reference to *[insert portion of motion]*, because *[insert rationale here]*. *[Share story or anecdote about why this is important to you.]*

Many cities across Canada are already implementing meaningful actions to address inequality in their communities, and it would be great to see our city do this too.

Sincerely,
